- **About TEAM**

TEAM is a horror short made by Manchester-based Duck 66 Films.

- **Synopsis**

With her staff on a team building exercise a business owner in an empty office is under threat from the attentions of lecherous parcel delivery man. But just who is hunting who?

- **TEAM facts**

TEAM was filmed on location in Ashton-under-Lyne, Greater Manchester over a single weekend in May 2015. The film was edited in June and sound design was completed by the end of July 2015. Following initial festival successes TEAM was re-edited in early 2016 and the updated version of TEAM was released on 14 April 2016.

The music used throughout TEAM was composed specially for the film. The end credit music is Karma Is A Bitch by Sonic Boom Six and is used with kind permission of Barney Boom and Xtra Mile Recordings.

TEAM was filmed on a Blackmagic Design Cinema Camera, edited using Adobe Premiere Pro and graded using Davinci Resolve.

The budget for TEAM was around £700 which covered costume and props, special effects make up and prosthetics, catering and insurance. Almost half of the funding was raised from sponsors who each paid £20 to have their names in the end credits and will receive a dvd copy of the film.

TEAM is the first film from Duck66 Films.

TEAM has a running time of 7 minutes and is available on DVD, Blu Ray or as a digital file. TEAM is filmed in an aspect ratio of 16:9.

## • Director's Statement

I began making films on 8mm when I was 10 years old and have been shooting film, video and still photographs ever since though I do not earn my living that way.

As well as working for a local Council I run DT Craft & Design with my wife, textile artist Debbie Tomkies. I do the video, still photography and web design for the business. My photographs have been featured in UK knitting magazines for the past 10 years accompanying Debbie's designs and technical features.

In the past two years I have worked as director of photography or camera operator on both fiction and non-fiction films for Leaky Shed Films, Sic Infit Productions, Yellow Raincoat Productions and Willow Tale Films. I have also made lyric music videos for the bands Sonic Boom Six and Bleach Blood. TEAM is the first fiction film I have directed since I was a teenager.
